Ageing

-

Alcohol content

12.5%

Technical data

Acidity: 6.50 gr/l

Serving temperature

6-8° C

Suggested evolutionary peak from

5-10 year after the dégorgement

Sensory profile

Brilliant straw-yellow color with golden highlights, fine and persistent perlage. Olfactory: Complex and of great finesse. Primary notes: citrus fruits (grapefruit, lemon), white flowers (hawthorn, orange blossom). Secondary notes: bread crust, yeast, toasted almond. Tertiary notes: possible slight mineral note. Taste-Olfactory: Dry, fresh, and vibrant entry, with a sustained but well-balanced acidity. Elegant structure, with good creaminess given by the contact with the yeasts. Long, savory, and mineral finish, with a persistent aftertaste of citrus fruits, almond, and yeast.

Serving suggestion

Small tastings of fresh or soft cheeses, linguine with lobster, baked sea bass with potatoes and olives
